CENTRAL PUBLIC HEALTH LABORATORY
COLINDALE AVENUE
LONDON, N.W.9
26th February 1959

Dear Dr. Lederberg,

Clive Spicer has asked me to send you some sera and I have much pleasure in enclosing about 2 ml. of the following concentrated sera:

Salm. typhimurium Phase 1
Salm. paratyphi b ,, 1
Salm. abortus equi ,, 2
Salm. typhimurium var. binns Phase 2

I am afraid in all cases they have been phenolised (0.4% final) - we have no other at the moment.

If you should ever want any sera at any time when Clive has left Colindale do not hesitate to write to me direct. I shall always be pleased to help in any way I can.

May I take this opportunity of sending you many congratulations on your Nobel Prize award. It was a wonderful achievement.

With kind regards,

Yours sincerely,

Pat Bradstreet
Director.

Dr. J. Lederberg,
Genetics Department,
Stanford University,
Stanford,
California.

*Thank you very much
for your prompt response
It is most kind & helpful
John Lederberg*
